New Patient No Show Policy

*It is the policy of **Physician's Weight Control & Wellness Centers** that should you fail to appear for your scheduled appointment at the designated time and/or fail to reschedule two (2) or more business days prior to your appointment, you will forfeit your \$50 deposit in full. You will then be required to pay another \$50 deposit in order to schedule another appointment. By providing us with your credit card information or sending money order/cashier's check or bringing in cash for this deposit you are acknowledging the receipt and understanding of this no show policy.*

Dear Patient,

It is our pleasure to welcome you to our office. Hopefully the information enclosed in this letter will help make your appointment more efficient. Attached is a brief medical history, consent forms, and other needed documents. Please fill out these forms and bring them with you to your first visit. You may also download these forms on our website at www.DrWeightControl.com If you e-mail the forms in please send them to Arlington@DrWeightControl.com

New Patient Charges:

Office Visit : \$95.00
Lab Work : \$65.00
EKG : \$30.00

TOTAL FEE : \$190.00
less the \$50.00 deposit
= \$140.00

(credit or debit card, cash, or money order only)
(no checks accepted)
Fees due on day of visit

Useful Information:

Please notify our office BY PHONE prior to your first visit if you have a heart condition requiring medication.

- In order to better serve you, as well as all of our patients, please do not be more than 15 minutes late. Being more than 15 minutes late could result in rescheduling your appointment and forfeiting your \$50 deposit. **If you need to change your appointment, please allow 2 business days (Mon-Thurs) before your scheduled appointment. Appointments not rescheduled within this time frame, or missed, will forfeit the full \$50 deposit.**
- We do not accept any insurance. Payment is due on the date of service. We accept cash, credit or debit cards. **Our office does not accept personal checks.** The charge for your first visit will be \$190.00 less the \$50.00 deposit for a balance of \$140.00.

- We do lab work on all new patients. To ensure the most accurate results please fast 6 to 8 hours before your appointment. *You should have nothing to eat during that time.* You are encouraged, however, to drink plenty of water or black coffee (no sugar or cream) during your fasting hours. If your appointment is late in the day we do not expect you to go all day without eating, so just eat light. That means nothing sugary or fatty. We will be checking your glucose level, cholesterol, triglycerides, thyroid, and getting a general wellness profile. The results will be discussed with you on your second visit. If there is a result that is dangerously out of range, the doctor will call and advise before your next scheduled appointment.
- We require that you have an EKG which will also be done on your first visit. We ask that you do not wear lotion, body oil, Vaseline, or any other products that could make your skin feel oily. We need your skin clean and free of products the day of your visit.
- We will be doing a body composition analysis on your initial visit. This will give us your weight and BMI (body mass index). Please wear shoes that are easy to take off. Ladies, please do not wear pantyhose on your first visit. We will need you to step on the BMI scale with your bare feet in order to get an accurate reading.
- On your first visit, the doctor will prescribe a plan of treatment which may include any or all of the following: a variety of supplements, an optional Vitamin B with Lipo injection, an exercise program, meal plans, and medications when appropriate.

On your initial visit to the center, we request that you make arrangements for child care. This is an important time for you and the Doctor to discuss your history and develop your own personalized plan for weight loss. We have found the most success on this visit comes with as few distractions as possible.

We look forward to meeting you. If you have any questions please call, or check our website www.drweightcontrol.com

See you soon!

Insurance

Insurance companies have historically NOT covered weight loss; however, some are becoming more receptive to the idea of treating obesity. We do not file insurance in the office at this time but we will supply you with a Super Bill which provides you all the information you need to file your own claim for reimbursement.

Payment

We accept cash, MasterCard, Visa, Discover, American Express and all debit cards. **Personal checks are not accepted.**

Hours

Because our doctors rotate between the three offices, our hours vary greatly from office to office. Please call for appointments at the office of your choice.

Appointments

Appointments are necessary. Our new patient appointments are scheduled several weeks out. Please plan ahead and call to schedule. There is a \$50 non-refundable deposit required for initial visit appointments.

Established Patient Charges

Your monthly (every 4 weeks), recurring price for follow-up visits requiring a written prescription for appetite suppressants will be \$90.00. This charge includes consultation with the Doctor, a Vitamin B with Lipo injection, supplements and a prescription for an appetite suppressant which will need to be filled at a pharmacy of your choice. (additional cost at the pharmacy)

****Any time a patient consults with a doctor, in-office, for any reason, the fee is \$90.00.**

No-Show Policy

The Physician's Weight Control & Wellness Center is dedicated to providing the highest quality care to our patients and we want to thank you for the privilege of being able to help you succeed in becoming a healthier you.

Recently we have been experiencing an increased number of patients who have either not shown up or called to cancel their appointment 24 hours before their appointment time. In an effort to correct this problem we have found it necessary to follow the lead of other doctor's offices and implement a No-Show Policy.

Read carefully. If you have questions about the guidelines of this Policy please ask before signing.

No-Show Defined: Failing to cancel your appointment by talking to someone on our staff, or calling and leaving a clear message (first and last name, date of birth, date and time of appointment) on our answering machine **at least 24 hours before your appointment time** to cancel your appointment will be considered a no-show. After hour cancelation messages may be left by calling 817-277-3469. All messages are recorded and kept. Please do not send an email to info@drweightcontrol.com to cancel or change your appointment. This is not a monitored email address and corresponding through this address will result in a no-show charge.

Showing up 15 minutes or more after your scheduled appointment time will be considered a no-show and will result in rescheduling. If you are stuck in traffic and trying to get to our office and find you will be a couple of minutes past the 15 minute deadline **PLEASE CALL OUR OFFICE IMMEDIATELY.** We will try to work with you to avoid a no-show for the day.

Our Policy: If you miss your appointment without rescheduling at least 24 hours before the time of your appointment or if you are more than 15 minutes late you will be charged a \$25.00 no-show fee for that missed appointment. The fee will be due when you come in for your next appointment. (If you have two consecutive no-show appointments you will not be able to schedule another appointment without first paying \$50.00 for the two missed appointments.)

We truly regret having to implement a policy such as this, but in fairness to our patients who need to make an appointment and could have been scheduled at the time of a no-show patient, we need to take actions necessary to see that our appointments are open and available for our patients. Thank you for understanding.

Notice of Privacy Practices *Confidentiality of Your Health Care Information*

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW THIS NOTICE CAREFULLY.

We are required by law to provide you with this notice of our legal duties and privacy practices concerning your private health information. By law we must follow the terms of the Notice of Privacy Practices that we have in effect.

If you have questions about this notice, please contact the Privacy Officer at (817) 277-3469

This notice describes Physician's Weight Control and Wellness Center's privacy practices and that of:

- All employees.
- Any intern, volunteer or IT personnel that we allow to input or maintain patient data files.
- All internal departments of Physician's Weight Control and Wellness Center
- All locations owned by Physician's Weight Control and Wellness Center.

Our Commitment to Your Privacy

We have always had stringent safeguards to protect private health information (PHI), however, because of a new law some changes are necessary to assure you we are dedicated to maintaining the privacy of your health information. In conducting our business, we may receive, create, use, or disclose protected health information regarding you and the treatments and services we provide you.

None of your protected health information will leave our office without your written consent.

Health Information Security - Physician's Weight Control and Wellness Center requires all employees to follow security policies and procedures to safeguard your PHI.

Understanding your Medical Record Information - The information we have on you is called your private health information (PHI). We create a record of the care and services you receive in our office. This record will contain your prescription information, doctor's progress notes, medical history or other documentation the doctor chooses to include in your medical record.

To summarize, this notice provides you with the following important information:

- How we use and disclose your PHI.
- Your privacy rights of your PHI.
- Our obligations concerning the use and disclosure of your PHI.

How We May Use and Disclose Medical Information About You

For Treatment - We will use health information about you to provide medical treatment or services. Our doctors, medical assistants and office personnel will all have access to your health information.

For Health Care Operations - We may use your protected health information in order to perform our daily business activities, which may include data management, customer service, complying with laws and quality. Your health information may be used to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer or how we can become more efficient.

To Avert a Serious Threat to Health or Safety - We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure would be to someone able to help stop or reduce the threat.

Research - We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the office.

Military - If you are, or were, a member of the armed forces, we may release medical information about you as required by military command authorities. We may also release information about foreign military personnel to the appropriate foreign military authority.

Public Health Risks - We may disclose health information about you for public health activities. These activities generally include, but are not limited to the following:

- To prevent or control disease, injury or disability.
- To regulate products subject to FDA regulations.
- To notify the appropriate government agency if we think a patient has been the victim of abuse, neglect, or domestic violence

Health Oversight Activities - We may disclose health information to a health oversight agency for audits, investigations, inspections, accrediting or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws. Generally, these audits are done in our office and will not require a signed consent from you.

As Required by Law - We will disclose health information about you when required to do so by federal, state, or local law enforcement.

Judicial Proceedings - If you are involved in a lawsuit or a dispute and we are asked to disclose health information about you in response to a court order or subpoena we will legally have to comply to those orders.

Law Enforcement - We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.

Coroners, Medical Examiners and Funeral Directors - We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death or as necessary to carry out their duties. If you have listed someone you do not want your records revealed to, that person would not be allowed to get a copy of your PHI even in the event of your death.

Information Not Personally Identifiable - We may use or disclose health information about you in a way that does not personally identify you or reveal who you are. This is usually generic information to help improve or create new medications.

Individuals Involved in the Treatment or Payment of Your Care - We may disclose health information about you to your family members or friends if we obtain written consent by you to do so.

Business Associates – There are some services that we provide through contracts with third party business associates. Examples include external laboratories and information technology associates. To protect your health information, PWCWC requires business associates to sign a disclosure agreement before they can have access to any information pertaining to the company or patients.

Consent Forms

You may revoke any consent form at any time by giving us written notice. Your revocation will be effective when we receive your written notice. Any disclosures prior to receiving your written revocation of that particular consent form will not be subject to your revocation.

Your Rights Regarding Health Information About You - You have the following rights regarding health information we maintain about you.

Right to Inspect and Copy - You have the right to inspect and request a copy of certain health information we have on file. Usually, this includes medical and billing records. To inspect and request a copy of health information on file about you, you must submit a written request. If you request a copy of your health information, we may charge a fee for the costs of copying, mailing, or other associated supplies. (Our office does not use electronic record keeping so your records cannot be transferred to you electronically.) We may deny your request to inspect or receive a copy in certain limited cases. If we deny your request, you may ask for a review of the denial. The person who conducts the review will not be the person who denied the request. We will comply with the outcome of the review.

Right to Request an Amendment - If you believe medical information we have about you is incorrect or incomplete; you may ask us to amend the information. You have the right to request an amendment as long as the information originated at PWCWC. You must request an amendment in writing and submit it to the Privacy Officer. You must also tell us the reason for your request. The request to amend your record may be denied, in which case you have the right to enter a statement into your record saying that you disagree with the decision.

Right to an Accounting of Disclosures You have the right to request an “accounting of disclosures.” This is a list of the disclosures we made of medical information about you for purposes other than treatment, payment and health care operations. To obtain this list, you must submit your request in writing to the Privacy Officer. It must state a time period, which may not be longer than six years. We may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions - You have the right to request a restriction or limitation on the health information we disclose about you for treatment, payment or health care. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, like a family member or friend. We are not required to agree to your request, but, if we do agree, we will comply with your request unless the information is needed to provide emergency treatment for you. You must submit your request for restrictions in writing to the Privacy Officer. In your request, you must tell us: - The information you want restricted. - To whom you want the restrictions to apply, such as your spouse or another relative. The Privacy Officer will inform you if disclosure is made to someone on your restricted list; this disclosure will only be made in case of a health emergency.

Right to Request Confidential Communications - You have the right to request that we communicate with you about health matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail. You must submit your request for confidential communication in writing. Your request must specify how or where we should contact you. We will try to accommodate all reasonable requests. (We have a form you can use for this purpose.)

Other Uses of Medical Information - Other uses and disclosures of medical information not covered by this notice or the laws that apply to us will only be made with your written permission. If you provide us with permission to use or share your medical information, you may revoke that permission, in writing, at any time. If you revoke your permission, we will no longer use or share your health information for the reasons in your written revocation. Any information disclosed before your written revocation will not be subject to this revocation.

Changes to this Notice

We reserve the right to change this notice. We reserve the right to make the revised or changed notice effective for medical information we already have, as well as information we receive in the future. We will post copies of the current notice on our website, www.drweightcontrol.com. The notice will contain the effective date of the notice in the top right-hand corner of the first page.

Right to a Paper Copy of This Notice

You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. This notice is also available on our website, www.drweightcontrol.com.

For More Information or to Report a Problem

If you believe your privacy rights have been violated, you may file a complaint with our office or with the Secretary of the Department of Health and Human Services. All complaints must be in writing. There will be no retaliation for filing a complaint.

To file a complaint with our office you may contact our privacy officer:

Subject: Concurrent Treatment Disclosure - Arlington Office

At Physician's Weight Control and Wellness Centers our patients health and safety is vitally important to us. With this in mind, it is necessary that each patient fully inform the office staff and/or physician when there is any change in treatment, medication, or care being provided by another medical facility. This disclosure includes any new health issues, or changes in ongoing treatment for any medical condition you may have. In addition, it is absolutely vital that no one under the care of Physician's Weight Control and Wellness Centers be under the care of another facility or clinic for weight management without full disclosure of such to the staff of this office. The decision will be up to the physicians of our clinic to determine if our treatment is medically compatible with any other form of treatment you may be receiving. Furthermore, failure of full disclosure of concurrent weight management treatments could be grounds for dismissal from our clinic. Please know that it is for your health and well-being that we must have a complete and full disclosure of medical or weight loss treatments you are undergoing outside of this facility.

Sincerely,

C.L. Puempel, M.D.

I have read the above statement and agree to follow the standards as outlined.

Physician's Weight Control and Wellness Centers

Patient Informed Consent for Appetite Suppressants and Participation in a Weight Management Program

1. I, _____ (patient or patient's guardian) authorize the Physician's Weight Control and Wellness Centers physicians and assistants to assist me in my weight reduction efforts. I understand that my program may consist of a balanced deficit diet, a regular exercise program and instruction in behavior modification techniques. Other treatment options may include a variety of other diet approaches depending on the needs of the individual patient. I understand that treatment options may involve the use of appetite suppressant medications and other supplements. My treatment may necessitate the use of appetite suppressants for more than 12 weeks and when indicated in higher doses than the dose indicated in the appetite suppressant labeling.

2. I have read and understand my doctor's statements that follow:

"Medications, including the appetite suppressants, have labeling worked out between the makers of the medication and the Food and Drug Administration. This labeling contains, among other things, suggestions for using the medication. The appetite suppressant labeling suggestions are generally based on shorter term studies (up to 12 weeks) using the dosages indicated in the labeling."

"As a bariatric physician, I have found the appetite suppressants helpful for periods far in excess of 12 weeks, and at times in larger doses than those suggested in the labeling. As a physician, I am not required to use the medication as the labeling suggests, but I do use the labeling as a source of information along with my own experience, the experience of my colleagues, recent longer term studies and recommendations of university based investigators. Based on these, I have chosen, when indicated, to use the appetite suppressants for longer periods of time and at times, in increased doses. In this office, an appetite suppressant may be used in combination with another appetite suppressant drug and other supplements."

"As a bariatric physician, I believe the possibility of side effects as explained to me is outweighed by the benefit of the appetite suppressant use for longer periods of time and when indicated in increased doses. However, you must decide if you are willing to accept the risks of side effects for the possible help the appetite suppressants used in this manner may give."

3. I understand that if I develop side effects from the diet or the medication, I will discontinue the diet and/or the medication(s) and notify the medical staff of the Physician's Weight Control and Wellness Centers as soon as possible. I also understand that if the problem is worrisome or severe, I will go to the nearest Emergency Room or see my primary medical doctor as soon as possible. (take your medications with you)

Patient's Consent:

I have read and fully understand this consent form and I realize I should not sign this form if all items have not been explained, or any questions I have concerning them have not been answered to my complete satisfaction. I have been urged to take all the time I need in reading and understanding this form and in talking with my doctor regarding risks associated with the proposed treatment and regarding other treatments not involving the appetite suppressants. This signed consent will remain current unless I notify the Physician's Weight Control and Wellness Center otherwise.

Benefits of Vitamin B with Lipotropic Injections

Lipotropic agents are classes of substances that play an important role in the body's control of fat. Through their involvement in lipid/fat metabolism, they can help maintain a healthier liver. The liver plays an important role in human metabolism and has a number of important functions, including glycogen storage, plasma protein synthesis and detoxification. The liver also produces bile, a compound which aids in digestion and the breakdown of fats. Lipotropic injections include a combination of important amino acids and vitamins and using these injections, along with proper diet and exercise, can help you reach your goal weight faster by giving you an extra boost. Here are some of the benefits:

- Increases and speeds up your metabolism
- Reduces and burns stored body fat
- Increases energy and drive
- Maintains a healthier liver

I have read this information sheet about the Vitamin B with Lipotropic injections I wish to receive. I will ask questions, if I have any, before getting the injection.

I agree to remain at the clinic for at least 10 minutes after my injection.

I hereby consent to the administration of Vitamin B with Lipotropic injection. Furthermore, I hereby release and forever discharge for myself, my heirs, executors, administrators and assignees, **Physician's Weight Control and Wellness Centers** owners and representatives from any and all claims, demands, actions and causes of action, which may result from voluntarily taking these injections.

Consent for Treatment by a Physician Assistant / Nurse Practitioner

Physician's Weight Control and Wellness Centers employs Nurse Practitioners (NPs) and Physicians Assistants (PAs).

At our Arlington office you may be seen by our doctor, or our NP or PA.

Nurse Practitioners and Physicians Assistants are not Physicians or Nurses, but skilled Health Care Practitioners who by formal experience in medical school are qualified to perform certain tasks under the supervision of a physician.

NPs and PAs are board certified and are required to participate in a designated number of hours of continuing medical education each year to maintain that certificate.

You may choose not to be seen by the NP or PA, please indicate below your preference. This consent will remain in your permanent medical records. You may revoke this consent at any time.
